FEATURES

They say you can't have it both ways. This indulgently styled sectional begs to differ. Merging cool looks with a warm, cozy feel, this decidedly modern sectional is the ultimate compromise. The sectional's base and track armrests are wrapped in a heavy-duty faux leather with weathered treatment and contrast stitching. Rest assured, a plush chenille wraps the entire seating area—for an oh-so comfortable feel where it really counts. Designer throw pillows take the aesthetic to another level.
